

## Honors Geometry Summer Work For 2011-2012 School Year

Dearest Honors Geometry Students,

In preparation for next year's Honors Geometry class, it is important to continue to practice your Algebra skills. Over the summer, please complete the following online quizzes and email me your results. There will be points assigned to this that may count towards your trimester grade or as extra credit. If you have any questions, please email me. I look forward to meeting you next school year. Please take great care to type my correct email address and save ALL quizzes or email them to yourself as well, just in case they do not come through.

Take Care,  
Miss Sturm
