

The Strunk Special

A Peek at This Week

5-22-09

What a Great Week Of Learning!!

The Eye Dissection was a success!! We did not lose any students or adults. :)

A GREAT BIG THANK YOU goes out to the brave volunteers!!

As a writing activity we wrote thank you notes to Dr. Dan from Dubin Optometric's. The letters were wonderfully written so I placed a copy in your child's portfolio. Look for it at the end of the year. If you haven't had your child's eye's checked Dr. Dan really *is* great with children.

Gill Elementary School

Gill Mission Statement

The Gill Elementary Mission is to inspire lifelong learning by providing opportunities for all learners to become responsible, healthy, creative, knowledgeable and resourceful individuals who contribute and communicate within our diverse community.

Math:

We have finished all of the second grade units in math. Wheel!! Now we are reviewing past concepts to prepare us for the Farmington District Math Assessment. To further help your child be successful on this important test I have prepared a homework packet that reviews some of the math concepts taught this year. It is very important to have your child complete this packet. It is also very important to correct the packet and assist your child when s/he encounters a problem. We have learned a lot over this year !! I do not have the test or test date yet, but I believe I will be giving the two day test at the end of next week.
