

Our Mission

Visions Unlimited makes sure that our students are always.....

Voyaging toward
Independence,
Social success,
Increased functional academic skills,
Occupations and
New Experiences with
Support from all Stakeholders

Positive Behavior Support (PBS)

Visions Unlimited utilizes Positive Behavior Support (PBS) as a building wide system focusing on positive student behavior. Universal behavioral expectations are defined, encouraged, recognized and rewarded which creates a positive school culture.

ABC's of Positive Behavior:

Always be respectful of people
Behave appropriately in all settings
Choose to do your best at all times

"Visons is great! Noah loves all the activities and has learned so much. The staff is amazing!"
-Teena Green, Parent

Meeting the transition needs
of Adult Transition students

Welcome to Visions Unlimited!

"Visons has given our sons a true community where they can succeed with confidence in academics, valuable lifeskills and friendships for years and years to come!" – Colleen Van Camp, Parent

Visions Unlimited is an Adult Transition program operated by Farmington Public Schools. Visions serves adults ages 18 through 26 years of age who have physical and/or developmental disabilities and students on the autism spectrum.

Students are assigned to Visions Unlimited through the special education Individualized Educational Planning Team (IEPT) process and are residents of Farmington and Farmington Hills.

The Visions staff is dedicated to ensuring that each student reaches their potential as a contributing citizen, productive worker and community participant. Each student has individual goals for improving independent living and employability skills. Through classroom and community based instruction, these goals are achieved.

Visions students participate in a variety of programs including Bountiful Backpacks (provides food to students in Title 1 schools) PEAC (Programs to Educate all Cyclists), Smart Bus training, and Book Club with the local Farmington Public Library. These programs offer exposure to community outreach and teach strategies for independent living.

Community Based Instruction (CBI)

Visions students participate in everyday living activities in the community such as shopping, going to the bank, post office, movie theaters and restaurants. They practice their communication skills, social skills, safety, money/budgeting and advocacy skills all while supervised in the local community.

Enrichment Classes:

Daily enrichment classes are part of the Visions Unlimited curriculum. These classes focus on leisure activities and physical fitness. Current enrichment classes include, Fitness, Yoga, Cardio Drumming, Fine Arts, Sports, Cooperative Games and Music. Students look forward to these classes which occur during the last hour of the school day.

Jobsites

All of the Visions students participate in work based-learning both on campus and in the community. Students learn and practice Universal Work Skills. These skills are very important in attaining and maintaining a job. Some of the on campus work-based learning jobs include Food Prep, Visions Vocations, MicroEnterprise and Bountiful Backpacks. Off campus work-sites include Bush's grocery store, Costick Center, Hillside Elementary School, Farmington Library, Holiday Inn Hotel, the Farmington Hawk Center, Holy Family Church, and Central Office/Ten Mile.

PAES/MicroEnterprise:

All Visions students participate in the PAES/Micro-Enterprise class.

PAES (Practical Assessment Exploration System) PAES is a hands-on program that has multi-steps. Students practice universal work skills.

The students learn:

- Entry level skills in multiple career/work areas
- Follow work procedures
- Appropriate work behaviors
- Problem solving skills

Our Production shop is a Micro-Enterprise operation, set up to provide the students with work-related experiences. This environment exposes students to real-life work situations. They learn how to follow multi-step directions, build stamina, increase dexterity, problem-solve, track finances, and so much more. We are committed to upcycle, recycle, and reuse whenever we can.
