

STEAM is not a program, it is a philosophy of teaching & learning.

FARMINGTON STEAM ACADEMY

- **Farmington STEAM Academy (FSA)** serves Kindergarten through eighth grade Farmington Public School residents through internal school of choice. Only students living within Farmington Public Schools' boundaries have the opportunity to enter into a lottery held each winter to attend the school. FSA is **rooted in Project Based Learning and Project Lead the Way K-8** which ignites students to become innovative thinkers and problem solvers. The school utilizes a student-directed process to creatively solve real-world problems, while integrating Science, Technology, Engineering, Arts, and Mathematics.
- Students work in shared spaces such as the **think tank, makerspace, and the fabrication lab** investigating and responding to an authentic and engaging question, problem, or challenge.
- **Focus on:** self-regulation, initiative, responsibility, confidence, innovative problem solving, empathy, collaboration, and communication.
- **Features:** Mileage Club, Junior Optimist Club, STEAM Studio, Math Pentathlon, Science Olympiad, Robotics, Community Service, Lego Club, Chess Wizards, Cartooning and so much more!
