

Meet our Parent Advisory Committee (PAC) Representative for Farmington Public Schools. Stacey attends monthly meetings at Oakland Schools. You can contact her with questions. The meetings she attends include membership work, legal updates, and training on various topics related to special education.

If you are interested in more information about PACs please contact Executive Director of Special Education Services Dr. Lydia Moore at lydia.moore@fpsk12.net

Hi, my name is **Stacey Diefenbach** and I live in Farmington Hills with my husband Andrew and our two sons James and Ian. Both of my sons were diagnosed with Autism by age 3 and it inspired me to become more involved in disability awareness and advocacy. This passion led to my current role as Executive Director of the Miracle League of Plymouth. The purpose of this non-profit is to provide an opportunity for those with disabilities/limitations a chance to play baseball as well as other recreational activities they normally wouldn't have access to. In this position, I have worked closely with special needs families and other non-profits to promote inclusion for all ages. I became a PAC Parent in Fall of 2021 and it's been an honor to be representative of FPS through Oakland County Schools. I look forward to continuing our work on what we can do for our families within our district. If you have any questions or ideas, don't hesitate to reach out to me at Stacey.Diefenbach@gmail.com.
