Project Overview

Overview of new building addition: Looking from existing school to the north.

Project Overview

Gross Motor Room: Looking from inside the building (pictured left), from outside the building (pictured right).

Project Overview

Looking east, front entry of new building addition entrance.

Two Week Look Ahead

- Continue with masonry foundations and walls.
- Final grading/landscaping along east side of existing school.
- Continue with under slab installation of conduit and plumbing sleeves/piping.
- Prep for concrete floor slab placement.
