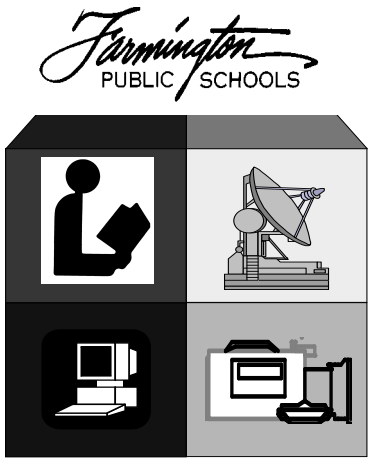
Permission for Students' Photographs & Work to Appear on the Internet



As part of the integration of technology into the curriculum, Farmington Public Schools (FPS) promotes the display of student work on the FPS created network web site (http://www.farmington.k12.mi.us).

Throughout the school year, many students will have opportunities to see their work published on the District's web site for the community and world to view and enjoy.

Check the appropriate spaces below, in the event that your child's photograph and/or work are selected for inclusion on the FPS District site, or the school's web page. Parents have the option, at any time, to request deletion of their student's work.

(PLEASE ANSWER <u>BOTH</u> QUESTIONS.)

Sign, date, and return to your child's teacher no later than _____
