

Enhance Instruction, Engage All Learners, Empower through Equity

January 6, 2021

Happy New Year!!

Dear Parents,

As you know, the Board of Education voted for preschool, elementary, and Special Education specialty programs to return to school January 11th. We have been planning for our students to return and look forward to seeing them soon. As students return, we need to have the following documents completed and submitted on the first day of school:

- [Covid Agreement](#)
- COVID Daily [Health Screener](#)

Even if you signed the COVID agreement when your student attended earlier in the year, it must be completed again. These forms must be provided to the bus driver when the student is picked up Monday morning. If the student does not have the form, they will not be allowed to get on the bus. So, parents, please have these documents ready at the time of pick-up. Parents who are dropping off their child must provide the documentation to the staff member collecting the student from the car.

The schedules are as follows:

- ECSE - 2 to 4 days per week - 2.75 hours per session.
- K-5 - ASD, SXI, and 1832(3&4) - 4 full days from 8:30a - 3:00p
- Visions - 4 full days from 9:00a - 3:15p
- Secondary - ASD, SXI, and 1832 (3&4) - 4 full days per week from 7:40a - 2:15p
- Friday will continue to be remote

All class times will be honored, unless class size does not permit. Those who have to have an A/B schedule will be notified. Students will continue to receive all services indicated in their IEP. However, students might not receive ancillary support services in person. Some of these services will be provided virtually with paraprofessional support, as we are making an effort to not cross contaminate classrooms. All mitigation supports are in place to ensure the safety of staff and students to the greatest extent possible.

Sincerely,

Jacqueline D. McDougal, PhD, LP
